Penn’s Netter Center for Community Partnerships creates democratic, mutually beneficial partnerships that simultaneously improve the quality of life in the local community and the quality of learning on campus.

Some of the Netter Center’s many programs and resources in West Philadelphia include:

- School day, after school, and summer programs at five University-Assisted Community Schools: Comegys (K-8), Huey (K-8), Lea (K-8), Sayre and West Philadelphia High Schools. Activities focus on literacy, science and math, arts and culture, sports, mentoring, college access, health and nutrition, and (with the Perelman School of Medicine) the Health Sciences Educational Pipeline Program.

- Food and nutrition education, gardening, and cooking activities at these schools, and many others, through the Agatston Urban Nutrition Initiative (AUNI). AUNI also operates several farmers’ markets, adult senior nutrition workshops, and the Community Farm and Food Resource Center at Bartram’s Garden.

- Arts, culture, and humanities partnerships with faith-based communities, schools, and cultural organizations focused on improving education and contributing to community development.

- Nonprofit Institute, offered twice a year, with training in board development, grant writing, human resource management, legal issues, nonprofit finance, insurance and risk management, public relations, social media, and presentation skills.

- Providing support to the Dr. Bernett L. Johnson, Jr. Sayre Health Center, a full service, federally qualified health center with an educational mission.

- Scholarship funds for graduating students from Bartram, Overbook, Parkway, Sayre, and West Philadelphia high schools.

- School supplies, food, toys, holiday gifts, and coats collected through university donation drives.

- University recycled furniture and supplies made available to the community.
